

RITHESH KUMAR

STUDENT

Education

bachelor of computer application

Dr.MGR Educational and research
institute

BCA (AI & DS)

2022 - 2025

(2022 - 2025) BATCH

(pursuing)

Mar thoma matriculation higher secondary school

10th with (73%) Grade

12th with (81.5 %) Grade

Experience

Awarded by IBM for completing a
comprehensive course in AI andData Science,
covering machine learning, data analysis,
andadvanced AI techniques.

PROJECT 1

House prediction analysis

Role : junior data analyst

* Developed a machine learning model to
predict the house price based on various
features such as location , price details ,
square footage and other factors

* Performed exploratory data analysis (EDA
) to identify trends and future correlation
using matplotlib and seaborn visualization .

* cleaned and preprocessed large data sets
using pandas and numpy handling missing
values and outliers to improve and model
accuracy

* Built and tested machine learning models
(linear regression)

SKILLS EARNED

* python (certified

* power bi

* c, c++ (certified)

* Sql & my sql

* HTML & CSS

* Microsoft excel
